Meet our April 18th CFS 2nd Annual Spring Show Judge

KJ Brown

As a boy growing up in rural Indiana, I was fascinated with birds. Early on my bird-life began with the breeding and releasing of game birds. To that activity, I added raising pigeons that I captured by raiding nests at a nearby commercial grain elevator. Over time, I moved on to breeding and keeping Roller and Tumbler pigeons and it was during this time that I became involved in bird clubs.

Around the age of 12, I got to know an elderly couple who shared with me their hobby of raising finches. Every Saturday, they would hang out a sign on their mailbox, sell a few birds and then go fishing. Hank and Sadie took me under their wing and patiently taught me everything they knew. They were a blessing to me and I have been passionate about finches, softbills, and canaries ever since.

Over the years wherever I lived, I have been fortunate to keep many varieties of birds. My experience ranges from doves and game birds to Rollulus Rouloul partridges and includes more than 100 species of finches and softbills. I moved to Oregon in 2000 and for nearly 10 years maintained a large aviary which housed as many as 2000+ birds. We have downsized Jeepers Peepers and I am currently working with a variety of approximately 200 birds which include species such as English Zebras, Owls, Lady Gouldians, Stars, Shaftails, Firetails, Cherries, and Societies. No matter the numbers, I am still fascinated and fulfilled working with birds and they teach me something new every day. I believe in *breeding to standard* and I am dedicated to providing the best care possible for my feathered friends who continue to bring me great satisfaction, peace and purpose.

I enjoy attending birds shows as well as showing my birds. I have competed on a local level, at other NW shows and bird shows across the United States. My birds have won many top ten bench awards and I am very proud to have been awarded the NFSS Breeder of Excellence Award. I am a longtime member of NFSS, the National Finch & Softbill Society and I highly recommend that all finch and softbill enthusiasts join. Membership to local and national bird clubs offers many personal benefits, but more important by doing so, you are helping to further aviculture.

Tier 2 - Pushy
These birds may be housed together in a large enclosure with visual barriers, but watch them to make sure they are not unduly harassing each other. Shaft-tail Finches may be suitable companions for some of the birds from Tier 1 as well.
Aurora Finch
Dark Firefinch ‡
European Goldfinch
Green Singing Finch ‡
Lavender Finch † ‡
Orange-winged Pytilia † ‡ (do not mix with Melba Finches)
Purple Grenadier (do not mix with Cordon Bleus or Violet Eared Waxbills)
Shaft-tail Finch (Long-tailed or Heck's Grassfinch) - (do not mix with Parsons or Masked Grassfinch)
Zebra Finch
Whydahs

Tier 3 - Aggressive
These birds need a very spacious enclosure with plenty of visual barriers in order to be housed together. Keep a close eye on them and separate birds that quarrel. *Note that the Java Finch is a peaceful bird that may be housed with birds from Tier 2 and possibly Tier 1, but is placed in Tier 3 because of its intimidating size and ability to coexist with the other birds in Tier 3.
Cutthroat Finch (do not mix with waxbills)
Diamond Firetail Finch (do not mix with other Australian finches)
Gray Singing Finch ‡
Java Sparrow/Finch (see *Note above)
Melba Finch ‡ (do not mix with other Pytilias, or finches with red masks [e.g. Star Finches])
